Webcenter Owner's Manual

Congratulations! If you are in receipt of this manual, you are the proud owner of a lucrative Webcenter. Look forward to helping people make their cyberspace entrepreneurial dreams come true.

Your Webcenter Owner's Manual guides you through three areas of your Webcenter:

- 1.) Creating Your Webcenter
- 2.) The Functionality and Administration of Your Webcenter
- 3.) Conducting Business with Your Webcenter

To get started, it is simple, just follow these directions:

Welcome to MA Webcenters.com

Your very own Website Design and Hosting Business!

Your MA WebCenter Will Allow You To:

- Earn Greater Income
- Increase Business Volume (BV)
- Build Your Business
- Expand Your Internet Presence
- Attract New Customers
- Attract Additional Prospects

This is one of the most incredible opportunities we have ever offered here at Market America. A Market America Webcenter - your online business opportunity designed to stake your claim on the Internet and realize its unlimited income potential.

Market America's WebCenter is the Internet's first global website design factory! Step into Market America's latest internet technology and start building your business today!

How a Market America WebCenter Works:

Both you and your customers will be able to build websites by following an easy step by step process. Your Market America Webcenter is the complete solution for website development, hosting and online marketing - and is incredibly simple and easy. Nothing makes creating an online presence easier or more simple for you, your downline and your preferred customers.

Market Opportunity Products & Services

Welcome to MA Webcenters.com

Your very own Website Design and Hosting Business!

ACTIVATE YOUR MA WEBCENTER

You make money four ways with your Webcenter:

1. Sell Websites ("Build Your Site" button or "Webcenter Builder" button on your Webcenter Administration page)
2. Sell Hosting Services (automatically with the websites you sell)
3. Sell Domain Names ("Register Your Domain" button)
4. Sell Merchant Accounts ("Accept Credit Cards" button)

Your customers can click on the button of their choice and fill out the online forms that takes them to their purchase.

Creating Demo Websites:

1.) To create a demo website for a prospective customer, you or your customer, clicks one of the three "Build Your Site" buttons on your Webcenter home page (or you can build a site through your Webcenter administration area clicking on "The Webcenter Builder" button).

2.) This leads to a form titled: "Tell Us About Yourself". You or your customer will fill out the form, including choosing the customer's specific business industry (there are over 265 choices).

If you are able to read this message, Webcenter allows you to become your own webmaster - instantly. Allow one of our design specialists to construct a fully functional feature rich web site for you to test drive. You'll also receive industry leading unlimited FREE Technical Support plus free e-commerce and shopping cart technology.

Use the following form below to enter your information and an Internet Consultant can contact you.

* Form fields marked with a red asterisk are required.

Tell us about yourself

Company Name : *

Business category : *

Reseller ID :

Identification Record :

First Name : *

Last Name : *

Times to Call :

3.) You or your customer will then be taken to a screen that reads **CONGRATULATIONS!** Scroll down to the bottom of this page where there is a sentence with the new website name and password (in red). Your customer should record these codes. These codes are necessary to login to the administration portion of their website. You as the Webcenter owner will receive an e-mail announcing that you have a new customer.

4.) Now you and your customer can click on the words “Test Drive Your Demo Site” (either the text, in blue, at the bottom of the “Congratulations” page or the “Test Drive Your Demo Site” button on your Webcenter). Then type in the customer’s site name (and click the “Go to Site” button) that leads to the home page of the customer’s website. Now the two of you can view the site (note: sometimes generating a website may take a minute or two and demo sites are live for ten days).

5.) To login and modify the site click the “Modify Site” button on the demo site or the “Site Owner Login” button on your Webcenter. This leads to the “Site Owner Login” page where you or your customer enters the website name and login and leads to the “Page Administration” page.

UPDATE SITE
ALWAYS CLICK HERE TO APPLY CHANGES

6.) Once at the "Administration Page", note the tabs at the top of the page leading to the diversified administration sections of the website (see Website Owner's Manual for full instruction and details).

7.) From here you and your customer can click on the "Site Modifier" tab that leads to the "Simple Admin" where the two of you can edit the website by entering and choosing elements (see Website Owner's Manual for full instruction and details).

8.) Your customer's Demo Site is timed. They have 15 days to experiment with it. After 15 days the site will be disabled. Within those 15 days, if your customer chooses to purchase the site, your customer clicks on the "ACTIVATE SITE" button on their Demo Site. This leads you and your customer to a form that either of you can fill out (and "SUBMIT"). The form includes the customer's credit card or checking account information.

IMPORTANT: Your customer is responsible for inputting the price of the site. You can sell the site at 6 **EXACT** price points. These price points are also "**Unlock Codes**". If your customer types in the wrong price (one cent less or more), the form will not submit and you will not make the sale.

"The default price points are located in the "Set Default Pricing for Products" section of your webcenter administration"

http://

Sell Domain Names

- 1.) 
- 2.) 
- 1.) You or your customer clicks on the "Register Your Domain" button that leads to the page titled "Claim your stake to your .com" company. From this page Website Owners "Login" and non Website Owners "click here".
- 2.) Both buttons lead to an online form where you or your customer types in the domain names to be researched for availability. It is necessary to include .com, .net, or .org at the end of each name researched. Then click the submit button.
- 3.) The names are submitted and a page is generated that states if the domain name(s) are available. If they are available, check the box by the name(s) requested and click the submit button.

4.) You or your customer is then taken to a form that includes payment method and the quantity of years (with prices) your customer wants to register the name for. The form is filled out and submitted. The available name will be registered and pointed your customer's website.

A screenshot of a web browser showing a domain registration form. On the left is a vertical menu with buttons: 'Build your website', 'Site Features', 'Discover', 'Sample Sites', 'Register Your Domain', 'Test Drive Your Demo Site', 'Site Owner Login', 'Administration', and 'Activate Webcenter'. The main content area has a header with 'Claim your stake to your .com company' and a banner for 'Accept Credit Cards online today'. Below the header, it says 'All fields are required'. The form is divided into two sections: 'Customer Info' and 'Payment Info'. The 'Customer Info' section contains fields for First Name, Last Name, Company Name (filled with 'Kevin'), E-mail Address, Address (filled with '333 West'), Company City (filled with 'TO'), Company State (filled with 'California'), Company Zip Code (filled with '91361'), and Phone Number (filled with '333 333 3434'). The 'Payment Info' section has a dropdown menu set to '10 years \$349.95 per domain', a 'Reset' button, and a 'Register Domain Name(s)' button. A line with an arrow points from the text in the step 4 box to the 'Register Domain Name(s)' button.

SELL A MERCHANT ACCOUNT

1.) When our customer clicks on the "Accept Credit Cards online today" button on your Webcenter, they are led to a page that describes "Cardservice's International Overview," including pricing. Once your customer has reviewed the agreement your customer scrolls down to the bottom of the page and clicks on the sentence "Cardservice International On-line Application". This leads to the "Online Merchant Application". Your customer then follows the steps and screens to apply for an account.

Change defines today's business climate. If you're not moving towards technology, you are most likely falling behind. The Internet is revolutionizing the way business gets done. It's not just about websites. It's about the creation of E-commerce. If a business doesn't have an Internet address, no one will come knocking.
